A few words about the Israel / Jordan Trip May 19-29, 2019 — 11 FULL DAYS.

We only take 30 people, possibly 31 if the math works out that way. This allows for more activities to be scheduled. Less people to wait for in a gift shop or bathrooms — the time seriously all adds up to your benefit! We also fly one way from Eliat to Tel Aviv — why? Because we gain several hours. It never made sense to me to simply sit on the bus. Our luggage will come back by bus but we will fly and gain time in our next leg of the trip.

We will likely go out of Newark on United. I strongly suggest that you get a United Airlines credit card and charge “everything” groceries, gas etc so your airfare is free! We do not include airfare. Why? Because they change prices all the time and quite frankly you can go for free using this method. You are more than welcome to use a different airline as long as it arrives about the same time as the flight that I am on. Assuming everything was going today we would take the 4:40 flight out on Saturday (non-stop) and we would arrive at 10:15 am. Most other non-stop overnight flights leave later on Saturday but then arrive later on Sunday — missing a full day of touring. My experience is that United always offers this flight, but as we get closer I will advise of the exact flight. ** this means arriving at Newark at 1:40 as they usually want you 3 hours ahead of time ** Returning home. We will leave on Wednesday the 29th and arrive back on May 30th Leave 11:10 pm on the 29th and arrive at 4:15 am on the 30th at Newark. The other reason why airfare is not included is because many fly from different states. If you are flying from a state not accessible to Newark let me know and I will help you find flights that will arrive timely.

Why do I say 11 days? Because from the minute we land until our departure dinner on the 29th we have full days of our trip. I hate to say that one of the “tricks” is to have people land at 4pm and leave at 10 am, so they really only get 9 days vs 11. **We are 11 full days of touring**

This includes Memorial Day in the USA, so that is one less day to take off work!

Price is based on our final numbers, it also is based on current pricing to get into sites, should it go up a few dollars I will let you know. Although they have been pretty good in the past of having little to no changes. Hotels the biggest cost can be secured now if we have everyone depositing timely! If you put aside \$50 a week you would have zero difficulty in paying for the trip. We are not going to be the cheapest tour in Israel . However the caliber of hotels and meals included means you pay once. I hate when you go on a tour and it seems cheap, but they nickel and dime you the entire way. When I note meals they are serious meals! Israeli breakfast is similar to our Sunday brunch with so much to eat you likely do not have to even eat lunch! We have breakfast every day. Our price includes 8 dinners, so there are only 2 dinners on your own! We include 6 lunches. Our price includes tips, most tours do not. The tour of course includes all entrance fees to sites. We also include daily bottles of water. It doesn't include airfare or our optional laundry service mid trip — that is by the pound or by the bag.

Putnam Children’s Discovery Center, Inc. Israel & Jordan Trip May 19-29, 2019

Personally I use it because it’s less luggage to take! You will note that we stay in the better hotels. Our price also includes, Private tour in Petra. And that Includes: Border taxes & visa fees. Most trips to Israel do not include this side trip. Note private tour means we are not going to be on a bus with strangers! There are lots of Christian sites we will pass along the way in Jordan. It is quite fascinating. Petra is amazing! So the pricing is actually excellent given the quality of the places you will stay at and the amount of things you will do. Should you wish to invite a friend to dinner, let me know in advance and we can charge you for your friend. Some people may have friends or relatives in Israel that wish to join us for a meal or two.

We can help you get a roommate if you are traveling solo, please let us know upfront. Single means “just you” in a room.

Pricing is based on a deposit before **June 30, 2017** — we can only secure pricing if we can secure the hotels at these prices. In the unlikely event that prices go down vs go up we will adjust downward. We may switch hotels if something new comes on the market that dovetails with our itinerary. To be exact if we can secure the hotels now we are not likely to see changes. To do that we must send non-refundable money, we cannot do that if we don’t have your deposit!

Based on double occupancy at least 25 people	\$5,190 pp	Single Occupancy	\$6,730
Based on double occupancy at least 20 people	\$5,430 pp	Single Occupancy	\$6,920

** Please note we can take credit cards but must add 3% to your charge as that is what we lose and these prices are not geared for a huge profit to us that absorbs this. Checks are payable to PCDC and mailed to PCDC PO Box 222 Carmel, NY 10512

Payments and cancellations

A non –refundable deposit of \$750 pp (solo is \$1,000) is due at time of your reservation. Should you not be able to go— this can be considered as a donation to PCDC.

Anything past your initial deposit date will be fully refundable until 11/19/18 . After this date we must guarantee the tour. If you have someone to take your place no problem. If we get another person interested no problem We encourage you to deposit early to maximize your refund should you need one.

Please note if you missed the start of the payment plan, you can catch up or email me for a plan that will work based on your registration date.

Payment Plans	Per person/double	Single– solo room just you
June 30, 2017	\$750pp	\$1,000
September 30, 2017	\$750 pp	\$1,000
December 31, 2017	\$750pp	\$1,000
March 30, 2018	\$1,000pp	\$1,500
June 30, 2018	\$1,000pp	\$1,500
September 30, 2018	\$940pp **	\$ 920**

Final payment may adjust if we do not get at least 25 people or there are itinerary changes or site fees go up. Again this is unlikely as we have always had 25 people.
